

You heard it here first. **The Middle East is the place to do business.**

Fresh off the press and full of exciting facts, the [export finance data report for the first half of 2018](#) is now available. And it contains a detailed breakdown of why you should be doing deals in the Middle East.

Let's find out why:

- MENA currently ranks as the top region for export finance globally with a market share of 34.5%.
- So far it's responsible for \$17.0bn worth of deals in 2018.
- Compared with H1 of 2017, its market share remains stable. We could see it continue to command 25% of the global export finance market this year.

report**

So where should you be doing business?

Individual nations continue to battle it out to claim the title of 'top borrowing country', with the UAE, Kuwait and Turkey dominating regional league tables. However, Egypt may just jump to the top of the leader board - its Tahrir Petrochemicals deal is expected to close with a \$5.8 billion debt requirement so it's all still to play for...
